To Whom It May Concern:

Approximately four (4) years ago we as the Town Of Birch Board hired Todd Anderson of "Up North" Assessments LLC to provide our tax assessment needs. At the time of hiring, Todd inherited a multitude of problems due to some unfair assessment from a prior township upgrade reassessment. Todd corrected these errors plus others that he found, satisfied some disgruntled tax payers and has us in good graces with all concerned.

Todd Anderson has served us well and is highly regarded.

Sincerely

Town of Birch/Town Board

Lincoln County
