RE: Todd Anderson Assessor

To Whom It May Concern:

Todd Anderson of Up North Assessments, LLC has provided the Town of Hay River with assessing services since 2004 including a full compliance revaluation in 2009.

We have been very pleased with the quality of Mr. Anderson's work. His professional manner when dealing with the public is outstanding. Nearly every property owner that has attended open book has left satisfied with the explanations given or the changes made. We have had only a few owners proceeding to the Board of Review process during the first five years of our relationship with Mr. Anderson.

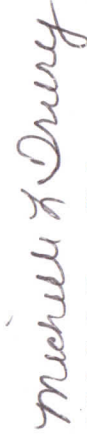

Overall our Town has been satisfied and currently has a contract through 2011. We look forward to the future working with Todd Anderson of Up North Assessing.

Thank you.

Sincerely,

Stanley E. Andrews, Chairman

Michelle L. Drury, Clerk
